MESSAGE

READ TO THE BOARD OF ALDERMEN

BY

His Honor Mayor Burque

AT THE REGULAR MEETING OF THE BOARD JANUARY 1, 1921

Gentlemen of the Board of Aldermen:—

The citizens of this city have placed in your hands and mine, for the next two years, the administration of the municipal affairs, and rely on us to perform our duties in a way which will be beneficial to the community as a whole. I trust I may be pardoned if I call your attention to the meaning attached to our election, and renew with you the work that we must do.

It is customary on this occasion to have the Mayor make such recommendations to you and to the members of the different boards, as he thinks merit consideration. In accord with this custom, I submit the following:—

Public officials are elected for the purpose of representing the community. In so doing all private considerations must be set aside, and prejudices, personal feelings, preference must be forgotten. True every official is entitled to his own private views, and he is to be commended for putting them forward; but as a last analysis, the will of the majority must necessarily prevail, and when the solution of any problem has been arrived at, we must accept it in good faith and abide by it. Let us never lose sight of the fact that our interest is best served by maintaining the good name of our City, and that we should always be very cautious not to say or do anything which would place our Community in a bad light with our sister cities.

The first thing usually considered in this connection is our financial condition. Our present bonded indebtedness amounts to $1,058,943.39. January 1, 1920, it was $1,079,852.46, and January 1, 1921, $1,078,907.14. We have therefore accomplished a certain reduction, but this I fear will be wiped in the next two years, as it will appear a little later. However if we take the ratio of our indebtedness to that of our assets, we will find that an additional increase can be allowed with safety. Our total assessed valuation for 1921 is $37,052,503; our percentage of indebtedness is 2.85%. January 1, 1919, our assessed valuation was $28,583,365, and our percentage of indebtedness 3,74%. The law allows cities to borrow up to 5% of its total assessed valuation, so that we are well within the limit, and I trust we can supply our needs in the next two years, and still safely remain within this established limit.

If we wish to analyze this question of indebtedness further, and divide it as it should be, we have the following—Net Indebtedness for Schools, (outstanding bonds less portion of Sinking Fund appliable thereto), $485,946.40; percentage 1.30%; all other indebtedness, $573,006.55, percentage 1.55. The law allows borrowing 2% of the assessed valuation for school purposes and 3% for all other purposes. I call this to your attention so that we may be guided by these figures in our consideration of our school problem, which I will take up with you as the first, and I think the most vital one just now.

You will have before you a communication from the Board of Education regarding the condition of some of our school buildings. I think we all agree that the need of more and better accommodations in this line is an imperative one, and I trust this question will command our immediate attention. It may be that when we figure the cost of these improvements, we may find that we are unable to do in one year all there is to be done. A $60,000 bond issue for schools will mature October 1, 1923, in addition to this we are now retiring annually $22,000 of serial School Bonds. On our present assessed valuation we are limited

to an amount of $741,050. as a bonded debt for schools. Having this in mind let us build such schools as is possible according to the funds we can raise, and set out remedying our situation in keeping with our means and ability. A Committee should be appointed to meet a similar committee of the Board of Education and jointly proceed immediately to study this particular work, and make definite plans for its completion.

I have this much more to say about our schools; we all know they are leaders in the State, ranking among the very best, even outdoing the State program in studies and in years of attendance required to complete a full course. The result is the high standing of graduated pupils, as evidenced in their examinations when applying for entrance to colleges. We are all interested in maintaining this prestige, and have but one thing to do:—uphold the Board entrusted with our Schools, and encourage them in their good work.

The next department affecting this question of indebtedness, is the Board of Public Works. We have in the last year launched a new plan for the permanent and immediate improvement of our Streets, that of borrowing money in order to enable us to go forward with the work, distributing the cost in the meantime, as it should be distributed. We have in the last two years built practically two miles of concrete streets, this mileage being figured on the basis of the usual accepted width of trunk line roads, and practically one mile of asphalt streets. More work remains to be done than has already been done, and more money will be needed than has already been expended. This Board figures that by pursuing the program it has mapped out, our Streets can practically all be of a permanent nature within a comparatively small number of years. Good, clean, hard surface streets mean better health, comfort to all using them, less expense of maintenance, and in the end large savings to the City. It is further a great attraction for outsiders; it means pleasure for all travelling through our Streets, and in time permanent location here of they who, at first, may have been but visitors.

The days of gravel roads are gone; the expense of maintenance and upkeep is too great, to say nothing of its disastrous effect on traffic and property. We have also constructed 5.1 miles of sidewalks and 3.8 miles of sewers in the last two years. The demands for sidewalks keep ever increasing, and we feel we must respond to them all.

As to sewers, we expect to complete this work during the present year; if nothing unforeseen happens. As evidence of the fact that these sewers have been made in the last two years, which means the accommodation of over 300 families. The extension of the Gilman Street, and extension designed for the purpose of caring or the west end of the city, not heretofore connected, is now going on, and this will have to be followed with a thorough cleansing of all of our main lines, in order to ascertain if these are capable of draining the additional amount of water which hard surface streets bring into these conduits. The Engineer's department is now making a special study of the whole system and will be in position later to give you more detailed information.

The Fire Department also comes in for its share of the conderation of the above matter. I refer to the proposition of further motorizing our fire fighting machines. I expect that the Commissioners wil be able to give us a very definite idea of the relative cost of motor fire and horse drawn apparatus, and their comparative value as far as efficiency goes. We should be guided by their study and recommendations, and if possible also adopt a policy here of gradual improvement as we go along.

I do not hesitate in laying down these general principles to you as your guides. First let us continue to limit our expenditures to our immediate needs and particularly to our means. Second, let us always be mindful of the fact that we are spending other people's money, and that we are answerable to them for it. But on the other hand let us not be niggardly and short-sighted. We should look ahead, and when it is apparent that

in our expenditures, we are to benefit by it permanently, that our expenditures far from being extravagant or unnecessary, will constitute investments for the city, then our duty is well defined, and we should perform it fully.

It is now well established that the city Government is the final judge of what each and every department shall expend. Having the control of these finances and of their expenditures, we must co-operate with the different departments in this matter, and in return seek their good will and co-operation. Harmony among us and the different boards is essential to bring success about, just as harmony among the members is essential in each and every board. The annual budget will be submitted only after the Finance Committee has had full and ample opportunity to study the needs of the different departments with the members thereof. I therefore suggest that departmental estimates be submitted as early as possible, in order that this work may be completed in the very beginning of the year.

As we go along we find that, in order to keep pace with the progress of our city and of the times, our annual expenditures increase to some extent almost everywhere. It is our duty to restrict ourselves as much as possible, but never to the extent of unnecessarily retarding reasonable advancement.

I shall comment but very briefly on the other departments, for I think we have touched upon the largest propositions we we will have at hand. It is best for you to familiarize yourselves with them as they come along. All I wish to suggest is that no hasty action be taken on any matters of importance whenever they present themselves. Sober thought and deliberation will always accomplish more beneficial results. I think all of the work heretofore begun should be continued; that we should keep on for example developing our playgrounds and park systems, so material to the wellfare of children, and the community as a whole. We must continue the good work accomplished by our Board of Health, and thus keep improving the health of our people. The Board of Assessors must a ways be alert to their

task, that if seeing that every property owner pays his proportionate share of the benefits derived from what the city offers to them, and I think it is not boasting to say that Nashua gives as much, if not more, in return for the amount of taxes each individual pays into the City Treasury, than any other city in New England.

Our Fire Department must be kept up to its level of efficiency already attained; our Police Department must be encouraged in its efforts to properly protect people and property, and to enforce the laws.

In closing let us remind ourselves of the fact that in the discharge of our public duty we should be impartial, just to all, and treat everyone fairly, kindly, and honorably. We should always aim to construct and never to destroy; helping one another in the true spirit of friendliness and good fellowship. Wishing you the kindliest of feelings, and success in your achievements, together with a prosperous and Happy New Year, and bespeaking for you a profitable and beneficial term of office, I respectfully submit the above for your kind consideration.

City Government of the City of Nashua, N. H.

FOR THE YEAR 1921

MAYOR

HON. HENRI A. BURQUE

REPORT OF THE

BOARD OF HEALTH AND THE HEALTH OFFICER

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of the Board of Health

Nashua, N. H., March 1, 1922

To His Honor the Mayor, and Board of Aldermen:—

GENTLEMEN:—

The following is submitted as a report of this department for the year 1921.

1. Office maintained with clerk at the Montcalm Building, 115 Main St., open from 8.30 to 5 p. m., Wednesday and Saturday Evenings from 7 to 8.30 p. m.

2. CLINICS. Clinics are maintained and carried on at our Quarters. The Venereal Disease Clinic being held Tuesday and Friday afternoons and Evenings with Dr. McLaughlin in charge, assisted by Miss Agnes Lee as Nurse. During the year 1384 treatments were given in this Department.

The Tuberculosis Clinic. The Clinics are conducted at our Office being held every Thursday. Dr. Robert B. Kerr is Chief of Clinic and Miss Lucy Beaudet is Nurse in charge. 716 visits were made to the Clinic. 32 patients were sent to Sanatoriums for treatment, and 1596 home visits were made by the Nurse.

3. Contagious Diseases. This Department supervised by Dr. McLaughlin as Chief and Miss Agnes Lee as Nurse. All contagious diseases reported are investigated, contacts and suspects examined.

The nurse maps, charts and indexes all contagious diseases. Makes weekly visitations, instructs in bed-side disinfection, detains all suspects, and releases all active cases. The Department is very anxious to adopt the Schick Test to determine those susceptible to Diphtheria and further immunize against the disease.

We have asked your Board for appropriation to carry on this work. The following cases were reported during the year.

Scarlet Fever	64
Diphtheria	68
Measles	8
Chicken Pox	9
Whooping Cough	2
Genorrhea	70
Syphillis	44
Chancre	3
Typhoid Fever	2
Tuberculosis	112
Variloid	5
Cerebral Meningitis	3

Spring Clean-up. During the month of April the annual Spring Clean-Up was conducted by this Department in conjunction with the Board of Public Works and Merchants Association. Since this movement was inaugurated nine years ago a decided improvement has been shown in certain sections of the City.

Garbage. We would recommend that our City take charge of the Collection, disposal of Garbage in its entireity, adopting some one of the modern methods.

Health and Milk Inspector. On account of the increase of work in this department, especially during the Summer months some arrangement should be made for an additional inspector during this period.

Recommendations. Your Board of Health recommend for your consideration and in the interest of Public Health the following:

1. Suitable Ordinances for the care and distribution of Milk and Food Stuffs under the supervision of the Local Board of Health.

2. The extension of Medical Inspection now being done in our public schools to extend to the private schools of our City.

3. The erection and maintenance of a modern Isolation Hospital.

4. An Assistant Health and Plumbing Inspector for the City.

5. Ordinances making obligatory the screening of barn, cellar

the proper care and disposal of manure and the maintenance and care of fly traps and making of certain limits where pigs are kept.

Respectfully submitted,

P. J. McLAUGHLIN, M. D.,
HARRY M. MORSE, M. D.
RAYMOND S. COTTON.

INFANT MORTALITY STATISTICS

The following shows the morbidity statistics for the past five years.

	1917	1918	1919	1920	1921
Total deaths-all ages...	499	866	404	466	426
General Death Rate....	1 2-3	2 2-3	1 1-3	1 2-5	1 2-5
Living Births.....	760	818	685	786	
Birth rate.....	2 8-15	2 7-10	2 1-5	2 2-5	
Deaths under 1 year....	90	100	62	89	82
Deaths under 1 year during 3 summer months.	17	27	13	29	24
Still births.....	24	21	15	15	14

Total number of deaths in Nashua during 1921.....	426
Brought here for burial	123
Death Rate.....	1 2-5
Death Rate per thousand.....	14

Respectfully submitted,

P. J. McLAUGHLIN, M. D.
HARRY M. MORSE, M. D.
RAYMOND COTTON.
NASHUA BOARD OF HEALTH.

Report of Health Inspector

Nashua, N. H., March 1, 1922

Board of Health, City of Nashua, N. H.:

GENTLEMEN:—

I herewith submit the following report as Health Inspector for the City of Nashua, from January 1, 1921-1922.

Houses placarded	122
Houses fumigated	131
Houses Inspected	6
Plumbing and drainage inspections	26
Privy vault inspections	20
Yard and Alley Inspections	98
Barber Shops inspected	38
Restaurants inspected	56
Bakeries and Bakery wagons inspected	30
Food Stores inspected	163
Candy factories inspected	12
Complaints investigated	65
Water sent to Concord for analysis	8
Ice sent to Concord for analysis	2
Nuisances ordered abated	52
Common drinking cups ordered abated	7
Lying-in-hospitals inspected	3
Infants' Asylums inspected	1
Boarding Houses inspected	31
Bakery found unsanitary and condemned	1

One Baker was found with bread in a truck on the Street unwrapped, and was arrested and fined in Court.

Many complaints are made which have no foundation, and which does not pertain to the Health Department such as broken sewer pipes, over-flowing sewers and ash heaps, which entail considerable time for investigation. Such complaints should be made to the Board of Public Works Department. Many spite complaints are also entered at our office.

In addition to the above reported work done, drinking fountains, ice cream parlors, coffee houses, pool rooms, tonic establishments were inspected and pig and hen pens ordered abated.

Thanking the members of the Board of Health for their kind co-operation to me during the past year, I am

Respectfully yours,

THOMAS F. CULLEN,

Health Inspector

Report of Milk Inspector

Nashua, N. H., March 1, 1922

Board of Health, City of Nashua, N. H.

GENTLEMEN:—

I herewith submit the following report of the Milk Inspector for the year 1921, from January 1, 1921-1922.

During the year 1921 I have put a greater amount of time into the inspecting of farms producing milk than at any time previous, and find conditions improved, and most of the farms very satisfactory. I have paid particular attention to the straining of the milk, and milk pails, and also demanded that the barns and milk rooms be whitewashed and kept in a sanitary condition. I have insisted that all milk be strained outside of barn, or in some separate room away from where cows are kept.

MILK ANALYSIS AND TESTS

Samples of milk taken for chemical analysis	82
Number of samples found below standard	4
Milk samples sent to Laboratory at Concord	2
Samples of milk brought in by citizens	14
Samples of mothers' milk analyzed	8
Samples of milk collected for analysis	72
Wagons found with milk uncovered	5
Samples of milk examined for bacteria	2
Samples tested and paid for by citizens	2

DAIRY AND FARM INSPECTIONS

Total number of farms supplying milk in Nashua	198
Dairies inspected during 1921	48

Milk plants inspected	46
Number of barns where cattle were found dirty	10
Orders given to farmers to improve conditions	8
Farms condemned on account of unsanitary conditions	1

LICENSES

Number of milk licenses paid for during year	175
Number of licenses issued to stores	139
Number of licenses issued to dealers	33
Number of free licenses issued	35

I analyzed two samples of milk for concerns doing business outside of Nashua, and collected $5.00 for the work which was turned over to the City Treasurer.

Respectfully submitted,

THOMAS F. CULLEN,
Milk Inspector.

CITY PHYSICIAN'S REPORT

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of City Physician

Nashua, N. H., March 20, 1922

To His Honor The Mayor and the Board of Aldermen:

GENTLEMEN:—

I herewith submit my report for the year 1921 as City Physician.

During the year 1253 house visits and 829 office calls were made upon the dependant poor of the city. 15 calls were made to the police station.

Respectfully submitted,

ALFRED DAUDELIN,
City Physician.

REPORT OF THE

TRUSTEES OF THE PUBLIC LIBRARY

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of the Librarian

To the Board of Trustees of the Nashua Public Library:

Gentlemen:—

I submit to you tonight a report of the work of the Library for the year 1921.

This year you will miss the genial presence of Mr. Ira F. Harris. A devoted member of your board and always a loyal friend of the Library and Staff.

This year must be looked upon, I think, as a fruitful and encouraging one in our library activities.

In the Reading and Reference Room there has been a gratifying increase in the number of patrons. The Library is a Bureau of Information for the entire city. Students seeking help in many lines, and men in business are more and more finding the library of help and value. The questions asked and answered daily, cover a vast field and often require quite a little research.

Twenty-seven books have been added by purchase to these shelves and 307, the gift of Mrs. W. H. Cook from Mr. Charles C. Morgan's collection. This room contains 2,151 volumes.

If your Honorable Body and the people generally, could more fully realize the benefit the library gives to thousands of young men and women in the city, who continue their education from its shelves, it should bring about, or show the necessity of a larger appropriation for the support of the Library. For, compared with the large sum spent upon the Public School System, the comparison would show, I think, that this aid to the education of our young citizens is not being given quite all the help it deserves.

The most notable mark of progress this year, was the opening on the South side of the river, August 8th, of the Childrens' Branch Library, at No. 3 Chestnut Street, in the section teeming

with child life. It is for the use of all children below the Junior High grade, living south of the bridge and west of Main Street. It is in charge of Miss Edna Leger, Librarian, who was formerly Children's Librarian at the Main Library. It is a wise choice and to her love and personal interest in the children it's success is due.

The Trustees have been studying the problem of taking care of the great number of children who came daily, often to the number of 400 to the small Children's Room and when the Nashua Manufacturing Company, through their agent, Mr. Roscoe S. Milliken, kindly offered the use of this light, pleasant room, it was gladly accepted. It has been fitted with shelves and painted white and is very attractive with its little tables and chairs, kindly loaned by the Company.

A. P. Hendrick's Sons, gave a nice clock for the Room; Mr. B. A. Curtis most kindly carried free of charge the books from the Main Library; Mrs. W. T. Comstock gave a case of birds and another of butterflies; and the Public, kindly responded to a call for books, and more than 200 have been contributed. Many children brought from their own book shelves, as gifts to the Branch, books they dearly loved. This Room is well but not yet fully equipped with books and magazines.

It was hoped to add to these shelves a set of youthful or play-time books of Science and the primers of History, Biography, Invention, Industry and Heroes and Heroines, which these little patrons read eagerly, but the increased use of the Main Library led to using some of the fund intended for the Branch, for books much needed here. When opened it was quantity more than quality needed to attract the little patrons, but they have come readily as the following statistics show.

BRANCH LIBRARY STATISTICS

Books added by purchase	406
Books added by gift	192
Books taken from Main Library to Branch	50
Total number of books at Branch, Dec. 31, 1921	648

CIRCULATION

Number of days open	115
Number of books loaned	10,864
Largest daily circulation December 5	165
Smallest daily circulation September 24	35
Largest monthly circulation November	2,689
Smallest monthly circulation August	1,345

ATTENDANCE

Largest attendance	269
Smallest attendance	73
Attendance since opening of the Branch	15,898
Applications	241
Fines received	$9.52

CIRCULATION BY CLASSES

Fiction	7,846
General works, philosophy, religion and sociology	1,452
Useful and fine arts	737
Literature	164
Travel	248
Biography	148
History	82
Magazines	187
Total circulation	10,864

The Branch has not diminished the Juvenile patronage and circulation in the Main Library as much as it was expected to, as the following statistics show, older children coming now that they can find room. There are at least 200 books here too soiled and worn for decency that should be discarded and replaced by new copies.

STATISTICS OF JUVENILE ROOM AT MAIN LIBRARY

Why cannot Nashua have a Carnegie Branch on the South Side, which would help the adult citizens as well as the children? Along with this, our increasing population, which must always be industrial, would have a greater development of cultural life which would tend to influence and improve phases of municipal life. Why not some public spirited citizen among you try and see if Nashua may not benefit from the Carnegie Fund, which shall be a monument to his interest and pride in his city.

CIRCULATION

The Library has been open 305 days and the recorded circulation is 107.540. These figures do not show all the books used

and not counted. Outside of fiction the chief gain is in Business and Technical Books in Industrial and Manufacturing lines and Biography. These books are expensive, and not all needed have been bought.

The increased circulation and steady increase in the cost of every library supply, has created a serious administrative problem in the Library. (Publishers) bindings are so inferior that rebinding is required much sooner than ever before. The life of a novel often being less than four months and it has been impossible to meet the requests of readers requiring all the latest publications. Pay duplicate Fiction once started pays for itself, and were there room for a case in the Rotunda it would be worth trying.

If the Polish, Lithuanian and Greek books could be placed at the Branch near the homes of these people they would be read much more. Yet the year shows some gain, and the increasing number of those reading and studying the English books, show our Evening Schools have awakened a greater desire among those

coming as strangers to our city, to become one of us and not a stranger within our gates.

FOREIGN CIRCULATION	1920	1921

Gain over year 1920		1,115

The increased number of the unemployed has increased the attendance in Newspaper, Periodical and Reference Room, many taking advantage of their enforced idleness and leisure, by serious study and reading, on practical and vocational subjects, and ask for text books and manuals which the library shelves are well fitted to supply.

During the war and since, the purchases of books were curtailed and the increased use of all classes show a great number of old and dirty books especially in fiction that should be thrown away and fresh copies take their place.

GIFTS

The Library has been the recipient of 307 more books from the Morgan Collection given by Mrs. W. H. Cook and many have been placed in the Reference Room. Mr. Harris, early in the year, had handsome bronze plates made to mark the shelves holding the Morgan Donation and the Morgan Memorial Collection.

Congressman Edward H. Wason in December gave to the Library a set of 131 bound volumes and atlases being the Official Records of the Union and Confederate Armies in the War of the Rebellion, which have been accessioned and placed in the case in the Newspaper Room. These with a set of Encyclopaedia Britannica, given by Mrs. Whitmarsh; the Eastman Genealogy and Hopkin's Genealogy; United States Officers and Enlisted Men of the United States Navy; 3 books from the Southern Pines Association; The history of the New York Times, and publishers gifts, make the number approximately 600.

The Library Class was not continued this year for lack of time and place, although the wish was expressed by some of last years members that it be continued.

Thanks are hereby given to the Telegraph Publishing Company for continued courtesy shown in publishing lists.

The changes in the Staff have all been in the Juvenile Room. Miss Anna Goodrich, the Librarian, had Mrs. Dorothy Damon as her assistant until September when Miss Esther Boury took her place, and has continued to serve since.

The Library Staff have carried on the work most faithfully and intelligently, and aided the Librarian in every way, and hereby thanks are given to one and all, and to the Board of Trustees.

Respectfully submitted,

LIBRARIAN.

CITY SOLICITOR'S REPORT

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of City Solicitor

To His Honor, the Mayor and Board of Aldermen of Nashua:

GENTLEMEN:—

I submit the following as my report for the year ending December 31, 1921.

Pollard Auto Co., vs Nashua. Tried by jury. Finding for Plaintiff. Carried to Supreme Court and judgment entered for City of Nashua.

Elpert v Nashua. Replevin. Pending.
Latour v Nashua. Injunction. Pending.
Greeley v Nashua. Petition. Pending.

E. W. Crowell v Nashua. E. R. Crowell v Nashua. Suits for damages for injury on highway. Pending.

Interpretation of Will of Willis A. Dodge in favor of City of Nashua.

Respectfully submitted,

THOS. J. LEONARD,

City Solicitor.

REPORT OF THE
PARK COMMISSION

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of Park Commission

To His Honor the Mayor and Board of Aldermen:—

The Park Commission submit their Annual Report for the year ending December 31, 1921.

The general work of our Park System has been given the needed care as usual. But little work has been undertaken along lines of new development, other than that of playgrounds. At South Common a good start has been made toward an up-to-date playground, which will include at least one major ball diamond and two or three junior diamonds. The small children have not been forgotten as the plans call for ample space for their particular needs. It is expected, that, with the assistance of the Board of Public Works, the major diamond will be completed and ready to use this coming season and one of the junior diamonds also if the special appropriation asked for this is granted. When the playground plans are completed the Commission feel sure that the citizens will be well satisfied with the money expended.

At North Common work has already been started on a combination ball diamonds and athletic field in Artillery Pond oval. This will in time do away with the Manchester Street ball diamond, which has been a dangerous spot for many years, and in it's place a grove of shade trees will be made, which will add to the beauty of this part of the Common. With the development of the athletic field the large number of automobiles will be accommodated much better and the blocking of the street traffic will be eliminated. It is hoped that the small appropriation will be granted so that the grounds can be completed as far as the filling by the Board of Public Works has been made possible during the winter months.

The moth work has taken on a serious aspect this past fall. The gypsy moths have increased many fold and we will have to

spend considerable time in creasoting and even in some places will have to do some spraying to check the pests and save our trees.

The Commission wish to call to the attention of your Honorable Board the fact that we have no tree warden for this city. Many of our beautiful trees need attention, such as removing dead limbs and needful trimming of interfering limbs. The Park Commission have no authority over any of our public trees other than the removing of moth pests, though our men may be in the very trees that need attention. Our Superintendent is a graduate of Durham and is an authority on matters relating to the care of trees.

Respectfully,

ALEXANDER PERRAULT,
MICHAEL C. MULLEN,
HERBERT E. KENDALL,

Park Commission.

REPORT OF THE

RECREATION COMMISSION

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of Recreation Commission

To the Mayor and Board of Aldermen of the City of Nashua:

The Recreation Commission appointed by the Mayor in July, 1921, by virtue of the authority conferred by Act of the legislature of 1917, beg the honor of reporting their activities during the time they have been in office and request your careful consideration of their accomplishments.

The Commission organized immediately after appointment prepared to do what they could under the handicap of no funds and a partially expired season. Co-operation and encouragement were easily found and funds enabling a start to be made were secured from the following sources:—

Business Girls Club of Y. W. C. A.....	$100.00
Rotary Club.....	175.00
Ball Game arranged by Chief of Police Goodwin and the officers under his command between the Nashua and Manchester Police Teams.....	152.00

In addition to the above Gregg & Son, the Jackson Mills, Proctor Bros., the Nashua Mfg. Co., and others contributed apparatus material and labor to a considerable extent.

The funds were deposited with the City Treasurer who disbursed them at the direction of the Commission and a report of the expenditures is appended hereto. Some apparatus was available through the Community Council and this was purchased at the end of the season and is now owned by the City. Many sites were inspected to secure locations for Recreation Grounds where they would serve the largest number of children. The South Common was available and promptly put into commission. The Jackson Mills gave us the use of a suitable lot on Canal St., which was next equipped largely at their expense. We also se-

cured permission to use the lot south of the Nashua Theatre, but it was found that the children whom we thought would be attracted there preferred to go to the South Common, so we secured the use of some land near the Nashua Mfg. Co., Ball Grounds through the courtesy of Mr. Milliken and moved the apparatus from the Theatre lot to the Nashua Mfg. Co. Lot.

By getting the services of Mr. Harlow Lazott and Mr. C. Wallace Lawrence of the High School Teachers' staff and other local assistants at very reasonable cost we were able to supervise, in a limited way, all of the playgrounds established and while an accurate report cannot be made as to the number of children who used the grounds, as nearly as can be determined there was a daily average at Canal Street of 300 children and at the South Common of about 350.

The apparatus secured last year served to make a start and prove the great value of playgrounds to the City, but what is now available is entirely inadequate to do the work as it should be done. Your commission having proved the wisdom of the undertaking wish to do their work along broader lines and in order to do so estimate the expense to be at the least $3,000.00 for the current year. Apparatus is necessary to fully equip four playgrounds and competent supervisors must be engaged for the season. The entire success of the Recreation work is dependent upon having sufficient supervisors, enough apparatus and proper locations. At some time in the near future the City should provide a suitable lot in the High Rock district near High and School Streets and it is suggested that a small open plot in this vicinity would be of material advantage to the City in many ways.

In addition to the above your Commission would like to have sufficient funds placed at its disposal to erect a modest bath house at the most available location and prepare the brook or river and its surroundings for a suitable swimming pool for the children. This should also be under supervision.

It is hoped that, in co-operation with the Board of Public Works, it may be possible to provide for Winter Sports for the children of the City another Winter.

Your Commission is of the opinion that money spent by the City as we have suggested in this report will prove of inestimable value to the City both now and in the future and will go far in the Community efforts toward making better citizens. Money spent on the children of the City now in showing them how to play fairly, also in building up their health will bring greater returns in a few years than money spent in any other way.

We wish to take occasion to publicly thank those who provided funds and equipment, making it possible for us to do our work last summer, and to express the wish that it may be your pleasure to appropriate the funds requested for the current year.

P. M. FLATHER, Chairman
Recreation Commission.

H. A. Walton, driver
H. J. Hopkins, driver.

Fire-Alarm Telegraph

This branch of service is now in good condition except the placing of wires in ducts located by N. E. T. & T. Co. in place of overhead wires, which work is still in progress as fast as ducts are laid.

Instructions to Key Holders

1. Upon the discovery of a fire, go to the nearest box, break the glass on the key box; place key in lock, turn key and open door (be sure to hold door open as there is a spring lock on the door). Pull down on the lever and let go. Do not try to remove key, as it is locked in and can only be removed by some one in authority.

2. Any person ringing in an alarm should remain near box so as to direct the Firemen to the Fire.

3. No person should give an alarm for the same fire after the first alarm has been given without an order from the Engineer or Officer or Commissioners in command. And the person so ordered shall be sure to go to the same box from which the first alarm was given and report to the Officer who issued this order.

4. Never signal for a fire seen at a distance. Never touch a box except to give an alarm for fire. Do not give an alarm from a box for a chimney, or grass fire, call Central Station, Telephone 112-1. Do not get excited when you tell Central where the fire is located. Talk slow and distinct.

Respectfully submitted,

HERBERT C. LINTOTT,
CHARLES H. AUSTIN,
EUGENE W. DUNCKLEE.
Board of Fire Commissioners.

REPORT OF THE

POLICE COMMISSIONERS

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of Police Commissioners

Nashua, N. H., Jan. 20, 1922

To His Honor the Mayor and Board of Aldermen, Nashua, N. H.:

GENTLEMEN:—

Enclosed find detail report of the Police Department for the year 1921.

The efficiency of the Department has been maintained during the year and owing to existing laws and heavy traffic the demands upon the Department have been continually increased and have been promptly attended to.

The Commissioners have maintained a traffic officer at the junction of Main and Temple streets during the season of heavy traffic, this has been a great service to the public and has tended to lessen the liability of accidents and the Commissioners believe that the time is not far distant that for the safety of the public, that at certain hours of the day an officer should be stationed at the junction of Main and Pearl Streets.

A motor cycle officer has been on duty during the season of heavy traffic to prevent unlawful acts.

The Gamewell system has not given satisfactory service at all times, as the wires pass through a large number of trees, which causes the system to need frequent repairs at considerable annual expense and the Commissioners recommend that the wires in certain parts of the city be placed in under ground ducts now existing, which will require a few additional laterals, as fast as funds can be given to the Department for that purpose, as it would prevent frequent repairs and would add to the efficiency of the system.

HORACE E. OSGOOD,
FRANK P. RIDEOUT,
CHARLES H. JACKMAN,
Police Commissioners.

REPORT OF THE

CHIEF OF POLICE

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of the Chief of Police

To the Board of Police Commissioners of the City of Nashua:

During the year property of the value of $14,138.51 was reported stolen to this Department. Property of the value of $13,312.00 was recovered by this Department. The latter amount includes property recovered for other cities and towns.

Five automobiles were reported stolen in this city. Of these, four were recovered.

Fifty-nine bicycles were reported stolen. Of these, forty-three were recovered.

Eleven automobiles were recovered in this city which had been stolen from other towns and cities.

Respectfully submitted,

IRVING F. GOODWIN,

Chief of Police.

REPORT OF THE

BOARD OF PUBLIC WORKS

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

Report of the Board of Public Works

Nashua, N. H., March 1, 1922

To the Honorable Board of Aldermen:

GENTLEMEN:—

The Board of Public Works presents the following report for the year 1921.

PERMANENT PAVING.—This was the first year that Nashua issued bonds for permanent paving, $40,000.00 being sold for this purpose and the following streets were improved. The costs include all excavation and drainage and resetting granite curb and new combination curb and gutter, concrete paving being 8″ thick at center and 6″ at curb.

Pine St. between Kinsley and Lovewell, 2692 Sq. Yds., cost	$7,309.26
Bowers St. between Allds and Harbor Ave., 2457 Sq. Yds., cost	7,988.19
with 1944 lin. ft. combination curb and gutter	
Chestnut St. between Hollis and Pearl, 3416 Sq. Yds., with 1600 lin. ft., combination curb and gutter	11,235.86
Ledge St. between Pine and Grand Ave., 4320 Sq. Yds	10,969.26
Pine St. between Myrtle to Ledge St., 2100 Sq. Yds	3,483.21
W. Pearl, Palm to Pine, 600 Sq. Yds., cost	1,372.30
Eaton St., 1720 Sq. Yds., cost	4,852.38
Asphalt Hot mix top

RESOLUTIONS AND ORDINANCES

PASSED BY THE BOARD OF ALDERMEN
AND APPROVED BY THE MAYOR
DURING THE YEAR 1921

CITY OF NASHUA

Resolutions and Ordinances

RESOLUTION

ADOPTING RULES AND FIXING THE TIME FOR HOLDING MEETINGS

That the rules of the Board of Aldermen for 1920 be and the same are hereby adopted for 1921 and, that the time for holding regular meetings be on the second and fourth Tuesdays of each month at eight (8) o'clock in the afternoon.
Passed Jan. 1, 1921.
Approved Jan. 1, 1921.

RESOLUTION

AUTHORIZING THE FINANCE COMMITTEE TO BORROW MONEY IN ANTICIPATION OF TAXES

That the Finance Committee be and they hereby are authorized and directed to borrow, from time to time during the current municipal year, beginning January 1, 1921, a sum or sums not exceeding $800,000.00, for the purpose of meeting the current expenses of the city, and the Mayor and Treasurer are hereby authorized to execute and issue a negotiable note or notes of the City of Nashua therefor.

Every such note shall become due and payable within one (1) year from the date of the loan for which it is issued is incurred, but no such note shall be payable on demand, or shall be valid unless authenticated by the certificate of the First National Bank of Boston.

All debts incurred under authority of this vote shall be paid from the taxes of said current municipal year.
Passed Jan. 1, 1921.
Approved Jan. 1, 1921.

RESOLUTION

APPOINTING A COMMITTEE OF THREE TO CONFER WITH THE PARK COMMISSION AND BOARD OF PUBLIC WORKS IN RELATION TO FILLING IN THAT PART OF THE NORTH COMMON KNOWN AS "ARTILLERY POND" FOR AN ATHLETIC FIELD.

That a Committee of three be appointed by the President to confer with the Board of Public Works and Park Commission to ascertain the feasibility of filling in that part of the North Common known as "Artillery Pond" for the purpose of making a start toward establishing an Athletic Field thereon.
Passed Jan. 25, 1921.
Approved Jan. 28, 1921.

AN ORDINANCE

ANNUAL REPORTS

SECTION 1. Every City Official and every department required by Law or by Ordinance to make an annual report to the Mayor or Board of Aldermen, shall submit said report on or before the first day of April each year.

SECTION 2. Said report shall be as concise as possible, and if necessarily voluminous, shall be accompanied by a synopsis or summary of its contents, to be used by the Committee on Printing and Stationery in making up the annual City Report, and no report submitted after April 1 shall be printed in said Annual City Report.

SECTION 3. This Ordinance shall take effect upon its passage.
Passed Feb. 8, 1921.
Approved Feb. 9, 1921.

RESOLUTION

RELATING TO LABOR CONDITIONS AT W. H. MCELWAIN'S COMPANIES FACTORIES

Whereas, there exists at the present time a situation as regards the employment of labor in the W. H. McElwain's Company Factories that demands the attention of the citizens of Nashua,particularly in view of the fact that there is considerable hardship in the families of the unemployed, and that the W. H McElwain Company have the factories that are a great credit to our community and could relieve to a great extent the hardships existing at present, providing some satisfactory arrangement could be arrived at between the employees and the W. H. McElwain Company, be it

Resolved, that a Committee of three Aldermen be appointed by the Chairman to confer with the officials of the W. H. McElwain Company and the employees of said Company with a view of bringing about a settlement of the differences now existing; and be it further

Resolved that this resolution shall take effect upon its passage.

Passed Feb. 8, 1921.

Approved Feb. 9, 1921.

RESOLUTION

TO EXEMPT FROM TAXATION THE PROPERTY OF THE NASHUA MACHINE COMPANY, INC.

That all machinery, tools and stock in trade used in the manufacturing business to be carried on by the Nashua Machine Company, Inc., a corporation duly established under the Laws of the State of New Hampshire and having its principal place of business on Elm Street in said Nashua, together with all the personal property of said corporation, and the capital to be used in ope-

rating and conducting said business be and the same is hereby exempt from taxation for the period of ten years from the passage of this resolution, provided, however, that the Assessor's shall annually appraise such property and the valuation determined upon for the same shall be added to the valuation of all other property in the city to determine the total valuation for the purpose of the State and County Tax.

This resolution shall take effect upon its passage.

Passed Mar. 8, 1921.

Approved Mar. 9, 1921.

RESOLUTION

ALLOWING TAX COLLECTOR TO SELL LAND ON METROPOLITAN, SHAWMET AND BOYLSTON AVENUE

That the Tax Collector for the City of Nashua be and hereby is empowered to sell to Margaret C. Whittemore for the consideration of the costs and taxes due, the following lots of land, namely, Lots 47 and 49 on Sheet 55 Metropolitan Avenue, Lots 48, 52, 54 and 59 Sheet 55 Shawmet Avenue, and Lot 60 Sheet 55 Boylston Avenue, in said Nashua.

Meaning and intending the same lots sold for taxes and formerly belonging to Charles H. Foster, now deceased; your petitioner being his grand daughter and heir-at-law.

Passed March 8, 1921.

Approved March 9, 1921.

AN ORDINANCE

REQUIRING TROLLEY CARS TO COME TO A FULL STOP AT THE INTERSECTION OF EAST PEARL AND SPRING STREET.

All trolley cars travelling along the track of the Nashua Street Railway Company on East Pearl Street, in either direction, shall

come to a full stop at the intersection of East Pearl with Spring Street.
Passed March 22, 1921.
Approved March 24, 1921.

AN ORDINANCE

TO SAVE DAYLIGHT AND TO PROVIDE STANDARD TIME FOR THE CITY OF NASHUA

SECTION 1. That at two o'clock ante-meridian of the last Sunday of April, 1921, the Standard Time for the City of Nashua, shall be advanced one hour, and at two o'clock ante-meridian of the last Sunday of September, 1921 the Standard Time shall be retarded one hour.
Passed April 12, 1921.
Approved April 13, 1921.

RESOLUTION

ALLOWING TAX COLLECTOR TO SELL LAND ON BOYLSTON AVENUE AND SHAWMUT AVENUE

That the Tax Collector for the City of Nashua, be and hereby is empowered to sell to Alex Jorzagtis, for the consideration of the costs and taxes due, Lot No. 74, Sht. 55 Boylston Avenue, and Lot No. 73 Sheet 55 Shawmut Avenue, as shown on the Assessor's maps.

Meaning and intending the lots sold for non-payment of 1914 taxes and later deeded to the City on a Tax-Collector's Deed on March 22, 1917. Said lots being at that time assessed to Louise J. Dragon.
Passed April 26, 1921.
Approved April 27, 1921.

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF FORTY THOUSAND DOLLARS ($40,000) TO PAY FOR THE IMPROVEMENT AND CONSTRUCTION OF PUBLIC HIGHWAYS IN NASHUA.

Pursuant to the provisions of the Municipal Bonds Act of 1895, as amended by the Laws of 1917, Chapter 129, the Mayor and Treasurer are hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the City of Nashua in the aggregate principal sum of Forty Thousand Dollars ($40,000).

Said bonds are to be issued for the purpose of paying for the improvement and construction of public highways, of a permanent nature and character, in Nashua, namely, Pine Street, Bowers St., Spring St., Chestnut St., West Pearl St., Ledge St., and Eaton Street, and the proceeds of the sale of said bonds are hereby appropriated for that purpose.

Said bonds shall be payable to bearer, shall be dated August 1, 1921, shall bear the City Seal, shall be signed by the Mayor and Countersigned by the Treasurer, and the said bonds shall be for the sum of one thousand dollars ($1,000) each, and shall be due and payable serially each year as follows: Three bonds of $1,000 each in one year, three bonds of $1,000 each in two years, three bonds of $1,000 each in three years, three bonds of $1,000 each in four years, three bonds of $1,000 each in five years, three bonds of $1,000 each in six years, three bonds of $1,000 each in seven years, three bonds of $1,000 each in eight years, three bonds of $1,000 each in nine years, three bonds of $1,000 each in ten years, and two bonds of $1,000 each in eleven, twelve, thirteen, fourteen and fifteen years respectively from the date thereof; shall bear interest at a rate to be established by the Treasurer, not exceeding five per cent per annum, and be payable semi-annually on the first day of August, and the first day of February of each year.

Both principal and interest shall be payable in gold coin of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or, at holder's option at the First National Bank of Boston, Boston, Mass. The coupons shall bear the fac-similie signature of the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said The First National Bank of Boston endorsed thereon.

Passed May 24, 1921.

Approved May 25, 1921.

RESOLUTION

ALLOWING TAX COLLECTOR TO SELL LAND ON CHARLOTTE AVENUE

That the Tax Collector for the City of Nashua, be and hereby is empowered to sell to Adolph Charles VanSlus, for the consideration of the costs and taxes due, Lots No. 13 and 15, Sheet 59, Charlotte Avenue, as shown on the Assessor's maps.

Meaning and intending the lots sold for non-payment of 1914 taxes and later deeded to the City on a Tax Collector's Deed on Sept. 14, 1917. Said lots being at that time assessed to James Conlon.

Passed May 10, 1921.

Approved May 11, 1921.

RESOLUTION

TO EXEMPT FROM TAXATION THE PROPERTY AND CAPITAL OF THE ASBESTOS WOOD COMPANY FOR A PERIOD OF TEN YEARS FROM THE FIRST DAY OF JULY 1921.

Whereas the Asbestos Wood Company, a corporation duly established by law and doing business at said Nashua, proposes to

erect a manufacturing establishment on land owned by the Boston & Maine Railroad situated in said Nashua and bounded on the north by Bridge Street, on the east by Belknap Street, on the south by East Hollis Street, and on the west by said Boston & Maine Railroad Location. Said tract of land being directly opposite the Nashua Union Railroad Station, containing about seventy thousand square feet, (70,000 sq. ft.) and said Asbestos Wood Company proposes to produce in said manufacturing establishment asbestos products.

THEREFORE BE IT RESOLVED that said manufacturing establishment so erected and the capital to be used in operating the same is hereby exempted from taxation for a period of ten years from the first day of July, 1921.

Said exemption is granted in accordance with the provisions of Section II, Chapter 55 of the Public Statutes of New Hampshire and as amended by Chapter 166, Section 1 of the Session Laws of New Hampshire for the year 1909.

Passed May 10, 1921.

Approved May 11, 1921.

RESOLUTION

OMITTING THE SECOND REGULAR MEETINGS DURING THE MONTHS OF JUNE, JULY, AUGUST AND SEPTEMBER

That the second regular meetings of the Board of Aldermen be omitted during the months of June, July, August and September.

Passed May 24, 1921.

Approved May 25, 1921.

TO ESTABLISH AND CREATE A RECREATION COMMISSION

SECTION 1. That by virtue of the provisions of Chapter 86, of the Session Laws of 1917, of the State of New Hampshire, a Recreation Commission is hereby established and created with all the powers and authority as therein set forth.

SECTION 2. The Mayor shall appoint five members of such Recreation Commission, to serve for such time and with all the powers and authority as provided for in said Act.

SECTION 3. This Ordinance shall take effect upon its passage.
Passed June 14, 1921.
Approved June 18, 1921.

RESOLUTION

IN RELATION TO THE COLLECTION OF POLL TAXES

That the Collector of Taxes be and hereby is authorized to forward during the month of July 1921, a notice to each and every poll tax payer of the City of Nashua, notifying each poll tax payer that the poll tax for 1921 must be paid on or before August 1st, 1921 and for all poll taxes not paid by said date to charge costs amounting to 20 cents for said notice, the said notice to consist of the publication of this resolution in the newspapers of this city in three separate issues during the month of July and

RESOLVED FURTHER that the Collector of Taxes be and hereby is authorized to proceed to distrain for all poll taxes not paid by the first day of August, 1921.
Passed June 14, 1921.
Approved June 18, 1921.

RESOLUTION

AUTHORIZING THE TREASURER TO ISSUE BONDS TO AN AMOUNT NOT EXCEEDING $14,000.00

Pursuant to the provision of a special act of the Legislature of the State of New Hampshire 1921, which special act was approved April 12, 1921, entitled, "An Act to authorize the City of Nashua to issue bonds", the Treasurer is hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the City of Nashua in the aggregate principal sum not exceeding fourteen thousand dollars.

Said bonds are to be issued for the purpose of funding the outstanding and floating indebtedness existing on December 31, 1920 in the Board of Education of said City, and not incurred thereafter, as said indebtedness has been determined by said city by its financial statement of said date, and the proceeds of the sale of said bonds are hereby appropriated for that purpose.

Said bonds shall be payable to bearer, shall be dated August 1, 1921, shall bear the City Seal, shall be signed by the Mayor and countersigned by the Treasurer, and the said bonds shall consist of thirteen bonds for the sum of One Thousand ($1,000) Dollars each and two bonds for the sum of Five Hundred ($500) Dollars each, and payable serially each years as follows:—one bond of One Thousand ($1,000) Dollars in one, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve and thirteen years respectively, and two bonds of Five Hundred ($500) Dollars each in fourteen years, from the date hereof, shall bear interest at a

rate to be established by the Treasurer, not exceeding five per cent per annum and be payable semi-annually on the first day of August and the first day of February in each year.

Both principal and interest shall be payable in gold coin of the United States of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or, at the holder's option at the First National Bank of Boston, Boston, Massachusetts. The coupons shall bear the fac-simile signature of the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said The First National Bank of Boston endorsed thereon.

Passed July 12, 1921.
Approved July 13, 1921.

AN ORDINANCE

AMENDING CHAPTER 35, SECTION 9 OF THE REVISED ORDINANCES ENTITLED, "SALARY AND COMPENSATION" AS AMENDED BY ORDINANCE PASSED JULY 13, 1920.

Amend Section 9 by striking out the whole of said section, and inserting in place thereof the following:

The City Messenger shall receive in full for his services the sum of one hundred and fifty dollars ($10.00) per month payable semi-monthly.

Passed July 12, 1921.
Approved July 13, 1921.

RESOLUTION

AUTHORIZING THE JOINT COMMITTEE ON JOHN G. FOSTER STATUTE TO ASK FOR BIDS FOR ERECTION OF THE SAME

That the Joint Committee appointed to consider the erection of a Statue to the memory of John G. Foster at Foster Square be

and the same are authorized and instructed to advertise for bids for the erection of the same and further that they be authorized to contract for building the same.

The amount not to exceed $3,500.00.

Passed Oct. 25, 1921.

Approved Oct. 26, 1921.

RESOLUTION

AUTHORIZING THE MAYOR AND FINANCE COMMITTEE, TO PURCHASE LAND ON LOWELL ROAD, FOR THE USE OF THE BOARD OF PUBLIC WORKS.

That the Mayor and Finance Committee be and hereby are authorized to purchase of Clara F. Sanborn and Minnie M. Morse for the sum of one thousand dollars, the same to be paid out of any unexpended balance not otherwise appropriated, the following described tract or parcel of land, situate on the Lowell Road, so-called in Nashua, it being a lot of land commonly called "Lund Farm", containing thirty (30) acres more or less, bounded as follows:—On the North by land now or formerly of Stetson, on the East by the Lowell Road, on the South by land now or formrly of O'Grady and on the West by various house lots; said property to be for the use of the Board of Public Works.

Passed Oct. 25, 1921.

Approved Oct. 26, 1921.

RESOLUTION

AUTHORIZING A SPECIAL COMMITTEE TO BE APPOINTED BY THE CHAIRMAN OF THE BOARD OF ALDERMEN TO INVESTIGATE THE BOARD OF PUBLIC WORKS PAY ROLL.

Whereas certain rumors are being circulated in Nashua to the effect that the pay roll of the Board of Public Works have been

padded and that a veil of secrecy seems to surround the whole affair, I ask that a special committee consisting of three Aldermen be and are hereby appointed by the Chairman of the Board of Aldermen to investigate the records and pay roll of the Board of Public Works at once. Also giving this committee power to hire experts and summon witness if necessary.
Passed October 25, 1921.
Approved October 26, 1921.

RESOLUTION

RECOMMENDING THAT THE BOARD OF EDUCATION GRANT THE USE OF THE AUDITORIUM TO THE AMERICAN LEGION ANNUALLY FOR THEIR ANNUAL BALL, AND TO VETERANS OF FOREIGN WARS ANNUALLY FOR THEIR ANNUAL BALL.

That the Board of Aldermen hereby recommend to the Board of Education that the free use of the High School Auditorium be granted James E. Coffey Post American Legion annually upon the occasion of their Armistice Day Ball, that the same free use be granted Nashua Post Veterans of Foreign Wars annually upon the occasion of their annual Ball.

That the City Clerk notify the Board of Education of this action.
Passed Nov. 8, 1921.
Approved Nov. 9, 1921.

AN ORDINANCE

AMENDING AN ORDINANCE ENTITLED, "REGULATING THE USE OF VEHICLES IN CITY STREETS"

Amend an Ordinance entitled, "Regulating the use of vehicles in City Streets" by adding at the end thereof the following:

That Park Street be and hereby is made a one way street from Main to Court.

All vehicles operating along said one way street shall travel in an easterly direction.

Passed Dec. 13, 1921.

Approved Dec. 15, 1921.

Orderly	1

Compared with the work of the previous year this tabulation shows:

Increase	(Hospital attendants
	(Out Patients
	(Obstetric cases
	(Births
	(X-Ray work
	(Average days spent in the hospital
	(Average cost per day
Decrease	(Number of house patients
	(Mortality

The annual renovation, painting the walls of rooms, halls and laboratories, and refinishing the floors was done this year as usual. The cost of maintenance was further increased by the installa-

tion of a horizontal tubular steel boiler to replace the two sectional cast iron boilers which have done service since the building was constructed and which have been expensive and unsatisfactory. This new work was done under the personal supervision of Mr. Herbert L. Flather, your treasurer, whose mechanical knowledge has been of great value to this association.

Through the kindness of friends a roof garden was constructed at the top of the main building during the early summer months and here patients were carried by the elevator whenever it was desirable or advisable to give them the benefit of outdoor life.

To meet the requirements of the American College of Surgeons in the standardization of hospitals a special record clerk and laboratory worker has been secured, and equipment is at hand to do all diagnostic work except the examination of tissues.

By the will of the late Dr. Charles S. Valcour, always a substantial friend, although not a member of its staff, the hospital has received the gift of his very extensive, well selected and modern medical library, together with all his medical and surgical supplies, electric apparatus and diagnostic instruments. The library is especially valuable and will be marked as a memorial to his thoughtfulness and good will.

It is pleasing to note the good work of the Ladies' Auxiliary who have saved the association hundreds of dollars in making new, and salvaging old and torn gowns, bedding and linen, and doing other hospital service. They should be given encouragement in their ambition also to raise an endowment fund for a free bed.

With all hospital beds filled a large part of the year, and with the capacity 50 beds short of what is considered a mathematical requirement for this city and its suberbs, the question is annually asked, "What, if anything, this Association is doing in the way of enlargement?" We believe that your committee appointed to consider this matter one year ago, all progressive business men, will give us the answer when in their judgment financial, building and health conditions indicate that the time is ripe.

It is with sorrow that we record the passing during the year of three of our valued members—Jason E. Tolles, President, and James B. Crowley, Treasurer of the Association, and Dr. Bradford Allen, member of the staff and clerk of the Executive committee. All three of these men were identified with the work and took an active part in the management of this hospital from the beginning. It is common knowledge that they were ever ready to encourage and to lend a hand in the great uplift and betterment of humanity. With their countless friends we treasure the memory of their acquaintance and say of their work, "Well done".

Your Executive Committee holds one regular meeting each month and a special meeting whenever business of importance or special conference requires.

Respectfully submitted,

A. W. SHEA, Chairman.

Treasurer's Report

Auditor's Report

To the Nashua Hospital Association:

I hereby certify that I have audited and examined the accounts of the Nashua Hospital Association and find that the amounts received during the current year 1921, including the balance of $2,350.34 brought forward, is $46,188.60, and that the amount paid out during the year was $44,213.52, leaving a balance on hand January 1, 1922, of $1,975.08, which amount is deposited in the Mercantile Department of the Second National Bank and Savings Department of the Citizens Guaranty Savings Bank.

I have also examined the statements as made by the Treasurer in his Annual Report and have found same to be true and correct.

Respectfully submitted,

HERBERT E. KENDALL

Auditor.

REPORT

OF THE

BOARD OF EDUCATION

OF THE CITY OF

NASHUA, N. H.

1921

Board of Education

CITY OF NASHUA

Clerk's Office, January 27, 1922

At a regular meeting of the Board of Education held January 27, 1922, the reports of the Superintendent of Schools, Principal of the High School, Principal of the Junior High School, Principal of the Evening School, Directors of Music, Manual Training, Drawing, Domestic Science, and of the School Nurses, were accepted. It was voted to print three hundred copies of the same.

ALBERT J. McKEAN.
Clerk.

James F. Mulvanity, 113 Blossom St. Municipal Bldg.
Office hours: 8.45 to 9.15 A. M., and 1.45 to 2.15 P. M.

Report of the Superintendent

To the Board of Education of Nashua:—

The Junior High School has established itself in the community and is winning the favor of those who know about its work. Its varied studies require a large number of exercises each week from the pupils but they furnish a valuable opportunity to test their ability and their aptitude for any field in particular. The classes in this school are larger than they should be. The state report for last year showed an average of 16.4 pupils per teacher in the High and the Junior High Schools of New Hampshire and Nashua had, by the same report, 24 in its High School and 37 in its Junior High. Concord, Portsmouth, and Keene which have similar schools show an average number of pupils 7 less per teacher than obtains in the Nashua Junior High School. I recommend an increase in the number of teachers in the Junior High School, and because of the recent large growth in the Senior High School an increase should be made in its corps of teachers.

The Kindergarten at the O'Donnell school has been closed because of the small number of children who were accommodated.

The attendance at the suburban school at South Nashua became so small that it was not thought best to open the school this fall and the pupils of that neighborhood are being transported to the city schools. At present seven scholars are coming to the Temple St. school each day from South Nashua and because all of them are in grades above the sixth they are accommodated in classes in which the work ends at the same time, about one o'clock. If younger pupils had to be provided for, the closing of this school would make the transportation problem more complicated. Besides the case just noted we now have children carried to the central schools at the city's expense from the Amherst Road, from the Pine Hill Road and from the North Hollis Road. Children are also carried from distant sections to the school near the Hollis station. In all we have five carriers of pupils. The statutes require the free transportation, below the ninth grade, of school

children who live more than two miles from school but pupils who are to be transported may be required to walk a part, not exceeding one mile, of the distance. Some parents do not seem to know of this provision about walking a mile or less.

Among the achievements of the present year is the action of the Board in adopting as the basis of our work the Program of Studies recommended for the elementary schools of New Hampshire by the State Board of Education. This action will in time reduce the number of grades below the High School to eight and will make our system more like most other public school systems. No city or town in New Hampshire now has more than eight years for its elementary schools. We have found that more than one half of the pupils at present in our High School entered the school with not more than eight years of school work, exclusive of the kindergarten. Having only eight grades below the High school does not mean cutting out the ninth grade and leaving the eight grades just as they have been but rather it means condensing and rearranging the work below the Junior High school. Our system contemplates two years in the kindergarten, six years in the elementary school, and six years in the High Schools. I know of no place in the state that provides a longer period in the public schools for a normal child.

During the summer of 1921 the following teachers attended summer schools.

Ida F. Wallace	Clark University
Katherine Runnells	Hyannis
Grace E. Campbell	Simmons
Myrtle H. Waterfall	Mass. I. T.
Mabel E. Brown	Middlebury
Helen E. Small	Simmons
M. Bertha Drown	Plymouth
Katherine T. Kennedy	Plymouth
Ruth L. Kelley	Harvard
Hattie Dary	Plymouth

Harriet B. Moran	Harvard
Fanny C. Shattuck	University of Vermont
Margaret Cote	Harvard

Our enrollment in the day schools this year is 120 more than that of last year. The increase in the elementary schools has been mostly in the Palm St. school while nearly all of the other elementary schools show a decrease in enrollment. The High School has 154 more pupils than it had one year ago. The Evening schools show an increase of 161. More pupils are studying the English language in the evening classes this year than last, which is largely due to the cooperation of the Nashua Mfg. Co.

The reports for January 1922 showed the following enrollment in the night schools.

Temple St.	437
Quincy St.	87
Mills	314
Total	838

Facts gathered from the reports of teachers and from the school census show a total of 6854 persons in the public and private day and evening schools of Nashua. This is almost one fourth of the population of the city. The statutes require attendance between the ages of eight and fourteen of all children physically able to attend school. Children who are over fourteen years old may leave school if they have completed the work of the eighth grade. All persons between sixteen and twenty-one years of age who cannot read and speak English understandingly are required by statute to attend evening schools. We have a few more than one hundred such illiterate young people employed in Nashua and registered in our night schools.

The health of the pupils is being looked after by two nurses who devote all their time to school work, two physicians who give part of their time, and four dentists who give part of their time to the dental clinic. Perhaps the greatest advance in health this

year has come from the drinking of milk at the forenoon recess by nearly a thousand pupils every day. The arrangements for procuring this milk are similar to those used by a family in getting its milk from a milk dealer. The work for the teacher is not excessive and the results are more than worth the trouble. Careful weighing of pupils shows that those underweight pupils who drink milk at school increase much faster in weight than those who do not have the milk.

In some communities in New Hampshire much has been accomplished in getting glasses for children, removing adenoids and improving the health of school children by the expenditure of funds donated by private individuals. We in Nashua are doing something for defective eyes and teeth but more money is needed than our appropriation furnishes for such work. One of the most serious hindrances in the work of the medical inspection department is the lack of cooperation by the parents. For example, notices of the need of glasses or of the need of removal of diseased tonsils are often ignored by parents and therefore the children fail to improve physically and often fall behind in their school work. Perhaps all do not understand that our school physicians are not expected to prescribe for pupils but simply to point out defects for the family physician to treat.

The Rules and Regulations of the Board have been revised, brought up to date, and printed this year.

Rooms containing two grades each at the Lake St. and the Harbor Schools have been divided this year so that now each teacher in these schools cares for children of only one grade. A room for foreign children who do not have a good command of English has been opened in the Temple St. School. The pupils in the special classes taught by Mrs. Woodbury and Mrs. Jennings have been rearranged so that one of these teachers now has all the boys and the other all the girls. This makes it easier to maintain good order and also to provide tasks adapted to the two classes. The girls have done more in household arts and the boys more shop work than in former years.

The need of more and better school accommodations has been considered this year and action in the near future seems probable in some or all of the districts served by the Palm, Harbor, and Mt. Pleasant schools. The small old building near the Hollis station ought to be replaced by a new modern school house. If we are to maintain rural schools we ought to furnish good buildings for them and if possible teachers who will stay in these schools for a period of service of considerable length. Teachers who have been brought up in the city are not likely to be contented in rural, one-room schools.

Respectfully submitted,

C. H. NOYES,

Report of the Assistant Superintendent

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

During the year I have conducted twenty meetings for teachers, mostly limited to few grades. These have been devoted to consideration of matters of professional interest, to ways and means for betterment of classroom instruction and have included nine demonstrations with groups of pupils. I have made 970 calls at schools.

In order to evaluate, to a certain extent, the classroom instruction, many tests have been given. A vast amount of test material has been tried out in schools throughout the country and standard norms of achievement have been evolved, with which the class work in almost any subject may be compared, but more particularly in Reading, Writing, Arithmetic, and Spelling. To use the commercial material exclusively is rather expensive. Tests can be used based upon the type of work constituting the standard tests with reasonably significant results, using material available in the school room.

The following table indicates the condition of Reading in the 4th grades in Nashua. Test given in December 1921.

GRADE IV READING TEST

	Ave. No. Words read	Ave. Comprehension
Quincy A	194	28
Quincy B	230	23
Shattuck	195	29
Amherst	214	29
Belvidere	204	23
Arlington	145	30

Mulberry	198	23
Harbor	100	22
City Average	185	25.8
Standard	165	30

This shows that the pupils are inclined to read fast and not get as much of the thought as they should. Corrective means are now under way.

Otis group tests were given to verify the judgment of the teachers in selecting pupils for the fast and slow divisions for the Mount Pleasant school. Their grading was found to be entirely justified. Four pupils have been transferred as a result of this test. The test makes it possible to compare the native ability and power of a group of pupils with the average from tests of hundreds of thousands of individuals.

A spelling test in January 1921 indicated 66% of the schools were not getting creditable results. A new spelling book was introduced, a new method of teaching was demonstrated in meetings and a test in June showed that 88% of the schools had reached the standard and those failing had acceptable reasons. A test in Jan. 1922 shows 96% of the schools are up to standard.

The following table indicates the change in results in problem work in Arithmetic after the matter has received careful attention at meetings.

City Median Scores in Three Tests.

	Jan. 1921	March	June
Grade VII	47	66	65
Grade VI	63	72	83
Grade V	22	98	92

Investigation, and testimony of teachers and pupils indicated that an undue amount of time was being devoted to abstract processes at the expense of applied work.

Drill in the four processes in Arithmetic has been carried on having in view a definite goal of standard speed and accuracy, rather than an indefinite goal with no standard. The following table indicates what may be done when definite purpose is apparent.

Tests given in January compared with standards to be achieved in June.

	Addition	Substraction	Multiplication	Division
June Standard	12	12	11	11
Grade VIII 1921	6	7.7	8	6.8
Grade VIII 1922	7.6	10.4	9.5	7.8

Many other tests, too numerous to record here, have been given including special tests to determine the condition of pupils assigned to the two special rooms for backward pupils and thus to determine the school work best for their interests.

The purpose of standard tests, or adaptations of these, is not to furnish grounds for exultation over superior attainments or lamentation because of less favorable records, but to point out definite facts and upon this information to base plans of work for best interests of individuals.

Respectfully submitted,

EUGENE TUTTLE,

January 25, 1922.

Report of Principal of the High School

Mr. C. H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

I herewith submit to you the report for the High School for the year 1921.

The most prominent fact to mention is the phenomenal growth of the school. At the time of my last report the school numbered 486, at present it numbers 640, representing about a 30% increase. The number of students and the classes have so increased that 26 teachers are now instructing high school students, seven of whom are special teachers of the domestic and manual arts departments.

To meet this unforeseen increase required a belated rearrangement of teaching periods, the ordering of new books, and the opening of new rooms. Miss Shannon now devotes all her time to high school pupils, Miss Campbell spends all her time teaching commercial subjects, and Miss Johnson, a new teacher, has been added to the commercial department. Four other new teachers have filled vacancies caused by resignations, making a rather large percentage of new teachers, in fact out of 85 regular high school classes 35 are taught every day by teachers who are either new to the school or new to the subjects. Under such conditions it is easy to see how the standard of the school may be lowered. The average number of pupils whom the regular high school teacher meets each day has risen from 109 for the last year to 131 for the present year.

The division of the school into classes and courses will be seen from the following table:

	Sr.	Jr.	Soph.	Fresh.	Tot.
Latin Course	8	23	39	58	138
Latin Scientific Course	16	18	12	15	61
General Course	27	20	23	26	96
Commercial Course	27	44	72	96	239
Household Arts Course	5	4	9	9	27
Manual Arts Course	8	12	18	33	71
Specials & P. G.	5	1	2		8
	96	122	175	247	640
Boys	43	57	79	124	303
Girls	53	65	96	123	337

The Residences are shown in the following table:

Nashua	551	Pelham	5	Amherst	2
Hudson	57	Brookline	3	Hollis	2
Merrimack	14	Litchfield	3	Lyndeboro	1
Manchester	1	Londonderry	1		

The figures of the above classification are somewhat misleading. The different courses are so arranged that students of one course are given a liberal choice of elective subjects in some other course, thus dove-tailing two courses.

The statement that twenty-seven pupils are enrolled in the household arts course is only a part truth. That number represents only those who have chosen that particular course for the whole four years; but, since cooking and sewing are elected by the girls of the general and commercial courses, the complete number taking household arts subjects is 135.

It is an especially good arrangement that those very practical household subjects may be elected from other courses; the only improvement possible is that every girl in school should have that privilege.

Stenography and Typewriting have been offered to the students of the Junior High School long enough to make an impression on our Senior High School program. It seemed wise that these subjects should be continued without interruption, which meant that they should be a part of the commercial work for the Freshman class. This accounts for much of the commercial load in the early part of the program. This will not be much lessened by the class which graduates, which is small compared with another large increment predicted to enter from the Junior High next fall. At present it is impossible to accommodate all the Freshman Typewriting classes, and four divisions each week go to the Temple Street School, which is a bad arrangement for both schools. This overloaded condition cannot be met next fall without equipping another room with typewriters so that two classes may be working simultaneously.

It is a little too early to give very accurate judgment in regard to the experiment of beginning the commercial subjects in the Junior High School, but I think it is safe to say that beginning those subjects in that school is partly responsible for the fact that 80% of its graduates entered this school.

The school very much appreciates the real interest that the Woman's Club is showing in the school. Their educational committee not only furnished a very good lecture for the girls of the school, but also presented the library with ten volumes of the Life of Abraham Lincoln and at the present time are furnishing us with nine magazines and two daily papers. Such cordial relations between these two organizations may produce much good.

For the past two years the parents have been invited to visit the school on an evening in the fall term. Teachers, parents, and scholars have entered into the spirit of the occasion and helped to bring about a good feeling of co-operation, without which a school can only partly succeed.

There is now and has been for some time an urgent demand for some authoritative recognition of high school athletics on the

part of the Board of Education. With the passing of the grounds at Lawndale the athletic teams of the school have drifted as best they could.

The students strongly feel that the school should be furnished with a suitable field where their inter-school and practice games might be played. The authorities of other schools hesitate, and some even refuse, to come to Nashua under present conditions. Other schools have found it a necessity to have the athletics a department of the school, managed and coached by a person responsible to the Board of Education.

There are some evils connected with athletics, but there seem to be no activities connected with school life which have the unifying and consolidating effect that strong and victorious athletic teams have.

In closing, I wish to express to you, and the Board of Education my appreciation of the continued kindness and thought during the past year.

Respectfully submitted,

WALTER S. NESMITH,

January 25, 1922.

Report of Principal of the Junior High School

Mr. C. H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

I herewith submit my third annual report of the Nashua Junior High School.

The total enrollment this year is 472, the enrollment for the year 1921 was 479. The decrease is due to the fact that we are instructing 28 less tuition pupils than last year giving our own city a growth of 12 pupils in this school.

The tuition pupils from Hudson have decreased on account of the establishment of a junior high school in that town.

The following table shows the registration by towns:

Litchfield	4	Merrimack	3
Hudson	3		

The teaching staff has not increased, but I recommend the addition of two teachers, one for the eighth grade and one for the ninth grade. A teacher cannot successfully teach a room of pupils that is crowded and that has been the condition here this year. Rooms seating thirty-five pupils have been made to accommodate forty-two in some instances.

This building now houses twelve rooms for Junior High pupils, four seventh grades and three classes of special pupils, giving an aggregate number of 665 pupils.

It is recommended that the subject, French, in the eighth grade be made elective with Commercial Geography; that in the ninth grade classical course it be made elective with Latin; in the commercial and industrial arts courses it either be dropped or made optional. It is also recommended that Music as a drill subject be dropped and its beauty be studied as found in chorus singing.

The present enrollment is as follows:

Ninth grade	Boys	105	Girls	131	Total	236
Eighth grade	Boys	122	Girls	114	Total	236
Totals	Boys	227	Girls	245	Total	472
Percent of Attendance				96		

The success of any organization is due to the co-operative spirit by which it is surrounded and I wish to express my appreciation to those who have endeavored to develop such a spirit in this school.

Respectfully submitted,

CHESTER L. HOWE,

Principal.

Report of Director of Music

Nashua, N. H., January 1, 1922

Mr. Charles H. Noyes,

Superintendent of Schools.

Dear Sir:—

Music in the Nashua Public Schools has progressed in an orderly and normal way during the past year. The music department is carried on with the thought ever in mind to bring beautiful music associated with great poetry into the lives of the young, and to this end the best material has been in use in the grades and in the Junior High and the Senior High schools. In the Junior High the fine Junior Songbook, with its splendid text and beautiful music gathered from the master musicians of the world is used, as is a collection of folksongs of all nations in the assembly singing each week.

At the twenty-first annual music festival, held in the Auditotium of the High School last May, and given by the High School chorus, 325 voices, and the Nashua Oratorio Society, the High School furnished the first concert of the three, with the assistance of four eminent solo singers and the Boston Festival Orchestra, and Goring-Thomas's Lyric cantata "The Swan and The Skylark", a really beautiful work, was sung. The solo singers were Miss Doris Emerson of Boston, soprano; Miss Jessie French of Boston, contralto; Mr. Charles Stratton of Nashville, Tenn., tenor, and Mr. Reinald Werrenrath of New York, baritone. The concert was a success from the musical standpoint and financially well up to the average, though the expenses of such a festival are so large that the Nashua Oratorio Society usually makes up the deficiency, as it did at this festival. But the highest praise was bestowed upon the entire festival, bringing credit to the High School as well as the Nashua Oratorio Society.

The High School chorus is now preparing the dramatic oratorio "The Seven Last Words of Christ," composed by Theodore Dubois, the eminent French composer. Beside this work there will be given a short program of musical numbers by the soloists assisting and the Boston Festival Orchestra, which have been engaged for this the twenty-second annual festival of three concerts in which the High School has participated each year.

The High School has an extraordinarily good orchestra of eighteen pieces which furnished the music at the annual High School Senior Class play in December, and the same orchestra will take a prominent part in the coming concert which is booked for next month, for the benefit of the Athletic department and the piano fund. In this concert three glee clubs will also take part, a girls' glee club, one of boys, forty voices each, and the two combined as a mixed voice glee club. A Mandolin and Banjo club of twenty pieces, which is doing fine work at rehearsals, will also take part, as will solo talent taken from the student body.

The musical material in the grades used as in the past few years is the New Educational Music Course, including books One, Two, Intermediate, and the Fourth, a course which includes poems of a fine grade and splendid music which the pupils enjoy.

For your kind co-operation, Mr. Superintendent, and that of the committee on Music, and the Board of Education I am duly grateful, with the hope that the coming year may be the most successful and beneficial the music department has ever had.

Sincerely yours,

EUSEBIUS G. HOOD,

Director of Music.

Report of Director of Manual Training

January 17, 1922

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

I am submitting herewith a report on the work of the Manual Arts Department for the year ending 1921. This report will cover the Day School work. The Night School report appears elsewhere.

Our present enrollment is the largest in the history of the department, and is as follows:

Senior High School		Junior High School	
Seniors	10	Industrial Class	18
Juniors	9	Grade Nine	87
Sophomores	24	Grade Eight	129
Freshmen	49		
			234
	92		
Grades		Specials	44
Grade Seven	109		
Grade Six	119		
	228	Total	598

This is an increase of nearly one hundred students over last year. With our present equipment, the crowded conditions that now exist in the shop, and the ever increasing number of students, I am anticipating trouble in handling them next year. The situation can be relieved however, by adopting the automobile course, securing another instructor, and purchasing new machinery for the machine shop.

There is in the hands of the Manual Training Committee, a report requesting you to substitute an Automobile Course in place of our present Forging Course. I trust that this matter will be favorably acted upon. We will need another instructor for this course, but whether this course is adopted or not, we need another man to relieve the crowded conditions that now exist in our classes. A teacher cannot do justice to a class where the pupils continually average twenty-five or more.

This department throughout the year does a large number of repair jobs, and various other kinds of work for the entire school system. To the best of my knowledge the department has never received any credit and has never been rebated for any of the materials used. I am sorry to report that I have never been able to keep a complete record of the outside work done by us, but I believe this will be taken care of in the near future. I have listed a few of the many jobs that we have done during the year and find the time used in this work was 1365 hours, the material used cost $93.88, and the total cost in time and material was $617.90.

June 13-14th, 1921 there was an exhibition of the work done by the department which was well attended, and the people seemed pleased with the work displayed.

Below are compiled a few figures that will show the cost per year for the maintenance of this department, the number of students and the average cost per student per year, exclusive of instructors' salaries. The average cost for the last six years has been about $4.15 per student per year. I consider this to be very reasonable when compared with other cities.

Cost of Maintenance for the past six years		Number of Students taking course	Cost per Pupil
1916	$1360	349	$3.61
1917	1875	454	4.10
1918	2135	505	4.21

1919	2035	460	3.97
1920	2660	529	5.02
1921	2570	594	4.03

N. B.—During the year 1919, from the amount $2035., $208.77 was saved, leaving the Cost of Maintenance for that year $1826.23

I thank you, Mr. Noyes, and the gentlemen of the Board of Education, and all others who have contributed to the success of this Department.

Respectfully submitted,

JOHN GODDARD

Report of Director of Domestic Science

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

During the past year the work of this department has been carried on with very few changes.

Through the courtesy of Mr. Goddard the boys of the Manual Training department have made over the old chemistry laboratory at the Temple Street School. They took out the old benches with their endless piping, put up strong shelves around the room which they covered with zinc for the gas stoves, and put in two new sinks. The old tables from the physics laboratory were repaired and fitted with deep drawers for cooking utensils. This makes a well equipped cooking laboratory with little expense to the city.

Because of increased classes in the grades last February another teacher was needed and Miss Fannie Shattuck of Nashua was elected to the position. In September Miss Ruth Hills of Hollis, a graduate of Simmons College with several years teaching experience, took the place of Mrs. Maguire who resigned as teacher of some of the High School classes.

At the close of school in June a joint exhibition with the Manual Training and Drawing departments was held in the auditorium. The High School cooking classes showed a splendid collection of cakes in the lunch room which they sold with ice cream. This new feature for an exhibition added to its attractiveness as a social event and the proceeds helped to defray the expenses. Our aim in all the sewing classes is to make only garments which may be put to immediate use, for this reason very

little sewing is available for exhibition purposes. However some sewing from each class was displayed, the most interesting being the gingham dresses of the Freshman class, and the dresses of the Junior High pupils for graduation.

For five years the graduation dresses have been one of the most valuable projects of our Junior High work. They provide an excellent review of all previous sewing and furnish at a very reasonable cost suitable attractive gowns for the simple graduation.

The High School lunch room continues to operate successfully and is of two-fold value. It provides a wholesome recess lunch to pupils at cost, and gives a practical use for all products of cooking classes.

The increase in the number of High School pupils electing Household Arts seems noteworthy. At the opening of school in September there were 68 in the Freshman sewing class, 50 Sophomores in cooking and 17 Juniors and Seniors in home organization, making a total of 135. 32 more than last year. These pupils are in eight divisions, each meeting eight or nine periods a week. This takes all the time of two teachers and one half the time of a third for High School work, leaving 621 girls of Junior High and grades for three teachers. The large numbers necessary in each division makes only a minimum amount of work possible.

The loyal support of the Superintendent of Schools and the Domestic Science committee has been appreciated.

Respectfully submitted,

MARY E. A. PILLSBURY.

Report of Director of Drawing

Mr. Charles H. Noyes.

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

In May 1921 at the Senior High School building we held an exhibition of the work of the Drawing Department. The drawings were hung on the walls of three rooms, while the cardboard construction, and other articles made and decorated by the pupils, were displayed on tables.

We tried to have the work of every child in the schools represented. The exhibition was open to the public one afternoon and two evenings. It was well attended.

At the opening of school in September so many Freshmen in the Senior High School elected drawing that it was necessary to divide the class into five sections. In a six period day, I could teach only three sections, for two periods each, and therefore Miss Shannon was chosen to teach the other two sections. As our classes meet, at the same time, in adjoining rooms I am able to oversee all the work. Miss Shannon's room, Room 33 is without any equipment for teaching drawing, and as it seems likely that the number of pupils electing to take this work will increase rather than diminish I recommend that a few tables with drawers similar to those in my room be provided for Miss Shannon.

The materials bought for the Drawing Department are being used increasingly by other departments. This is as it should be, but it makes for a shortage of supplies which has hampered my department considerably during the last year. There should be a larger appropriation for drawing materials.

I take this opportunity to express the appreciation of the teachers and pupils to the Nashua Gummed and Coated Paper Company for their generous gift of colored papers. They made it possible for us to make our Christmas work much more attractive than usual.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.

Report of School Nurse

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

Each year we find it is possible to further Medical Inspection.

An Orthopedic clinic has been conducted by Dr. Jones and the the Red Cross. During the year 1921, sixteen public school children were found suffering with orthopedic defects. They were taken to Dr. Jones' clinic where he advised them and secured treatment. They will be helped and possibly cured.

The work at the Dental Clinic is going on as in the past. The number of children treated from January 1, 1921 to January 1, 1922 was 493. There have been 812 teeth filled, 611 extracted, 490 cleaned, and 28 treated.

The schools at the south side of the city were given the usual inspection and physical examination by Dr. A. F. Mulvanity. Defects were recorded, parents were notified and advice given in each case needing attention. He also vaccinated two hundred and six children.

With the cooperation of the teachers, and all others interested in Medical Inspection, the work has been carried on successfully.

Respectfully submitted,

ELIZABETH C. SULLIVAN, R. N.

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

In accordance with your request I am submitting a brief report of my work as school nurse.

January 1, 1921 I was given the nutrition work in all of the Public Schools of Nashua. 2954 pupils have been weighed and

measured and 892 found to be underweight. Two nutrition classes were formed in January and continued through the school year.

When school opened last September it seemed best to discontinue the nutrition classes as we did not have help enough to carry the work on successfully.

An attempt has been made to reach all of the underweight children in a general way. Milk was put in the school at the morning recess, all pupils were asked to buy it and all underweight ones were urged to do so, and between 850 and 950 have taken advantage of this opportunity. Health talks have been given and defects corrected as far as possible.

I was also given 4 schools for Medical Inspection and at the beginning of this year 2 city and 2 suburban schools were added. The city schools have been visited once each week.

I have assisted Dr. Davis the school Physician in the usual examination of children and the following defects have been found. Defective Teeth 274, Enlarged Tonsils 54, Pediculosis 130, Defective Vision 42, Scabies 3, Orthopedic Defects 6, Anemia 21, Cardiac Trouble 8, Enlarged Glands 7, Eczema 2, Tuberculosis 2, Broken Collar Bone 1, Scarlet Fever 14, Diptheria 8. Corrections have been made where ever possible. Dr. Davis vaccinated 81 pupils.

A fair illustration of the benefit that may be derived from the milk served at school is evident in the condition at the Mt. Pleasant School. In September underweight pupils who have since had milk averaged 11.3% underweight, up to January 1, they gained on an average 5.6 pounds and now average 8.1% underweight. The underweight pupils who have not had milk averaged 12.3% underweight in September. They have gained in the same time an average of 4 pounds and now average 10.4% underweight.

I want to thank the teachers for their kind cooperation in helping to carry on this work.

Respectfully,

ANNIE B. PETERSON, R. N.

Song, "Creation Hymn" *Beethoven*

CLASS

The heavens resound with His praises eternal,
  In might and glory they combine
To tell His name thro' earth and the oceans
  That man may hear the word divine.

He holds the suns in the blue vaulted heavens,
  He plants His foot upon the world;
The myriad stars bow in willing subjection;
  The universe His hand unfurled.

The Lord is God! He is King of creation;
  In His right hand He holds them all;
His children, we, in love and devotion,
  Before His might and power fall.

O Father, hear! we Thy sons bring our blessings,
  Our pray'rful thanks to Thee we raise;
The Heavens resound; break, O earth, into glory,
  To serve! adore! and sing His praise!

Song, "The Land Where Hate Should Die" *Harry L. Harts*

CLASS

This is the land where hate should die,
No feud of faith, no spleen of race,
No darkly brooding fear should try
Beneath our flag to find a place.
Lo, ev'ry people here has sent
Its sons to answer Freedom's call
Their lifeblood is the strong cement
That builds and binds the nation's wall.

This is the land where hate should die,
Tho dear I hold my faith and shrine,
I serve my country well when I
Respect beliefs that are not mine.
He little loves his land who'd cast
Upon his neighbors word a doubt,
Or cite the wrongs of ages past
From present rights to bar him out.

This is the land where hate should die,
This is the land where strife should cease,
Where dark suspicious fear should fly
Before our flag of light and peace.
So let us purge of poison'd thought
That service to the state we give,
And so grow worthy, as we ought,
Of the great land in which we live.

REPORT OF THE

TRUSTEES OF THE HUNT LEGACY

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

REPORT

OF THE

Trustees of the Hunt Legacy

To His Honor the Mayor and the Board of Aldermen:

Gentlemen:—

In behalf of the Trustees of the Hunt Legacy I submit the following report for the past year.

We have had course of six lectures given in the City Hall and the good attendance testifies to the favor with which they were received. The lectures were interesting, entertaining and instructive.

The following is the state of the fund.

Invested in City Bonds.....	$6,000.00
In banks.....	343.21
	$6,343.21

Respectfully submitted,

F. W. MAYNARD,

For the Trustees.

Respectfully submitted,

ARTHUR H. COTTON,

Secretary, Board of Trustees Suburban Cemeteries.

ANNUAL REPORT OF THE

TRUSTEES OF EDGEWOOD CEMETERY

FOR THE
FINANCIAL YEAR
1921

CITY OF NASHUA

ANNUAL REPORT

OF THE

Trustees of Edgewood Cemetery

To the Honorable Mayor and Board of Aldermen:

The Trustees of Edgewood Cemetery present their 29th annual report, for the calendar year 1921, as follows:

The grounds and buildings have been given careful attention and are in excellent condition. To meet the demand for a certain class of lots we have been obliged to lay out quite a section near the middle of our grounds, at considerable expense not contemplated a year ago. This work is practically completed and we believe the expenses called for by the budget which we shall present in due time will prove ample for our necessities. During the year $5,700 of City of Nashua 3% Refunding bonds have matured. The proceeds of this maturity, with $16,721.45 withdrawn from Savings Banks, has been re-invested in $25,500. U. S. 4th Liberty 4 1-4% bonds, of which $22,000. for Perpetual Care Fund and $3,500. for Walks and Drives Fund.

The financial condition of the Cemetery is shown by the following statements:
